Application No.: 10/671,620

Filing Date: September 29, 2003

Attorney Docket No.: SPEC05

NOTIFICATION

A review of this application reveals that applicant has attempted to appoint an attorney or agent who is neither registered to practice before the U.S. Patent and Trademark Office in patent matters nor named as an inventor in the application, contrary to 37 CFR 1.31 and 1.32. Therefore, the appointment is void, *ab initio*. We will not recognize the appointment and all correspondence concerning this application must be signed by: 1) all named applicants (inventors), 2) all the owners of the rights to the invention, or 3) a registered attorney or agent duly appointed by the inventor(s) or the owner(s). Furthermore, all future communications from the Office will be addressed to the first named inventor, unless specific instructions to the contrary are supplied by the applicant(s) for patent or owner(s).

The correspondence submitted on September 13, 2006 will not be treated because it lacks the proper signature as discussed above.

In the event the assignee seeks to take action in the present application, ownership of the application must be established in accordance with 37 CFR 3.73(b) and Manual of Patent Examining Procedure (MPEP) 324.
